FEED MIXER AND MILL

REV. 10-75

3.65M

ARTS-WAY

Mfg. Company / Armstrong, Iowa / Phone (712) 864-3131

This manual has been prepared to help you understand your new machine and to identify the parts which make it function.

This manual is a supplement to the Model 425-B and 325-B Operators Manual and Parts List. In this supplement manual is a list of the latest engineering revisions which make up your 425-C or 325-C Portable Feed Mixer and Mill. Both, this manual and the 425-B and 325-B should be retained and thoroughly read before operating your 425-C and 325-C Feed Mixer and Mill.

CAUTION! Remove front PTO half when towing with pickup. Swing PTO holder to rear and hold in place with jack in transport position.

322-03754 Nut, ½-13 UNC Nylon Lock
215-10831 P. T. O. Holder
303-01477 Bolt ½-13 UNC x 1½ Hex

This part is a new improvement to your machine. It is bolted through the back hole in the bottom hitch plate. It holds the P. T. O. Shaft when not in use.

109-10521 Clutch Handle

This handle is an improvement which replaces item 32 on Page 46 of the Model 425-B & 325-B manual.

301-02027 Bearing 1 5/8 Flange

This bearing is the same bearing as item 5 on Page 42 of the Model 425-B & 325-B manual, except it doesn't need to be greased. Therefore item 2 is omitted.
